Inspiration

This artwork is a celebration of friendship and our connections, the solidarity of sisterhood and the joys of womankind. It is a direct reference to lunar and life cycles.

Celebrating sisterhood, solidarity and friendship - these are the unbreakable bonds that form the very foundation of strength and resilience. In a world often marked by division and discord, these connections stand as a testament to the enduring power of unity. Through sisterhood, we find allies who lift us up, amplify our voices, and walk alongside us through every challenge. Solidarity binds us in a shared mission, enabling us to break barriers and create change that benefits all. Friendship, the glue of these relationships, brings laughter, solace, and understanding to our lives.

Through compassion and empowerment, we can shape a world where love, support, and equality flourish. Sisterhood, solidarity, friendship - they are the ties that bind us, forging a path toward a brighter, more inclusive future. A source of strength, resilience, and inspiration that transcends boundaries and connects women in a web of mutual support, understanding, and love.

Technique

Lunar Etiquette Under The Champagne Moon XS was created by constructing a hand-cut collage using female photographic portraiture and the surface textures from lunar photographs.

After coating the handmade paper with light-sensitive chemistry, it is left to dry in a dark room. The large scale negative is then printed onto the paper by exposure to daylight (UV rays). The print is then processed by thoroughly washing in water to remove any unexposed solution. It can then be hung to dry, developing to full density Prussian blue after 24 hours. Once the image is fixed it is hand finished with 22-carat moon gold leaf.
