Description

First launched in 2013, these stunning homeware pieces are designed by Kristjana S Williams and made by an award winning globe maker on the Isle of Wight, England, who uses the same time honoured method of creating globes since 1507.

Kristjana's inspired designs take the traditional globe to another level, featuring ornamented and fantastical creatures, vibrantly traversing their worlds, while parrying with soaring Montgolfier style balloons, abundant in colour.

The globes feature either the iconic London map or the World map, with Kirstjana's exquisite designs overlaid. In an appropriate and sustainable finishing touch, the finial is a salvaged wooden chess piece, which, having played its part in numerous battles, is now taking a well deserved rest!

Designed and crafted in the United Kingdom.

Internal ball: abs plastic

Base: reclaimed timber and MDF
