## Description

The Art Maverick crafts their Gilded Glass artworks with a meticulous and innovative process. Using art glass as the canvas, each piece begins with a reverse screen-printing technique, layering seven vibrant colours alongside a white halftone screen. This creates intricate, translucent pockets within the image. Next, the glass is reverse gilded with delicate water gold leaf, infusing the piece with luminous metallic accents. Finally, the artwork is hand-painted with a rich blackout paint, emphasizing bold contrasts and adding depth. The finished result is a striking blend of metallic brilliance and deep blacks, achieving a captivating interplay of texture, light, and colour.
