## Description

### Original

This piece is part of the Ethereal Portals Collection.

Tired after a long day's mischief, this little fairy lays down for some rest. Little bubbles, crystals and pearls embraces her sleeping figure, and her delicate wings flutter against the sea shell she curls up on. Soon she will awaken again to flit through the wind, misplacing things and hiding in the blooms of flowers - tinkling with laughter. But we catch this moment of complete rest, peace for a little while.

This piece is part of the Ethereal Portals Collection.
