Description

Spray can Series II

Original

In the second series paying tribute to the iconic spray can Evans has applied his Urban Geisha images to standard working cans. He has used each one in his artistic process and in doing so the images take on their own characteristics in colour and spray application. Each is hand embellished with vintage Hanko stamps, metal leaf high lights and gemstones. Finally, the cans are encased in hand made, hand stained, box frames with museum grade glass.

Signed by the Artist.
