Description

Original

This original is part of the "Fear Not" Collection.

Don't be afraid of The Tower. This card doesn't always associate with turmoil. If you are highly aware and in tune with your inner guidance system, it can indicate a spiritual awakening or revelation. You may be able to see the cracks forming and take action before the whole structure comes tumbling down. You may create a massive transformation before you reach the point where change is your only option. In its most positive form, The Tower card is your opportunity to break free from the old ways of thinking that have been holding you back.

Materials: cardboard, paper, diverse semi precious stones, mosaic, embroidery, threads, gold leaves, wood embellishment, embroidery star, metal embellishment, crystals, leather, ink, diamond dust, acrylic paint and varnish.
